**EN:** Table characterised by a solid die-cast aluminium frame. The main features are its tapered bridge legs made of die-cast aluminium, which are thinner at the base and widen up towards the "T" element that supports the top. Toa is available in a variety of widths and depths and in a wide range of finishes.

**IT:** Tavolo caratterizzato da una robusta struttura in pressofusione di alluminio. Elemento caratterizzante sono le gambe a ponte dalla forma affusolata realizzate in pressofusione di alluminio che, più sottili alla base, si allargano verso l'alto confluendo sotto al ripiano in un elemento a "T". Toa è disponibile in diverse larghezze e profondità e in un'ampia gamma di finiture.

**DE:** Tisch zeichnet sich durch eine stabile Struktur aus extrudiertem Aluminium aus, wirkt aber gleichzeitig leicht und ist unübersehbar. Das charakteristische Element sind die Beine, die sich nach oben hin verbreitern und sich unter der Tischplatte zu einem "T"-förmigen Element verbinden. Toa ist erhältlich in verschiedenen Größen und Ausführungen.

**FR:** Table caractérisée par une structure robuste en aluminium moulé sous pression. L'élément caractéristique est les pieds de pont coniques en aluminium moulé sous pression qui, plus mince à la base, s'élargissent vers le haut, fusionnant sous l'étagère dans un élément en "T". Toa est disponible en différentes largeurs et profondeurs et dans une large gamme de finitions.

**ES:** Mesa caracterizada por una robusta estructura de aluminio fundido a presión. El elemento característico son las patas cónicas del puente hechas de aluminio fundido a presión que, más delgadas en la base, se ensanchan hacia arriba y se fusionan bajo la estantería en un elemento con forma de "T". El Toa está disponible en diferentes anchos y profundidades y en una amplia gama de acabados.
